THE TELEPHONE DIRECTORY
Is as useful in building up Business for Advertisers as in getting Telephone Information for Telephone Users.

Your Voice Is a Wonderful Thing

YOU speak into your telephone and your voice is heard in the next town or city as naturally as though you were there in person.

Do you know of any easier, quicker, more saving way to carry on social and business affairs with people in other places?

Look in the front of this telephone directory and see how inexpensive it is to send your voice out of town on missions of friendship and business.
